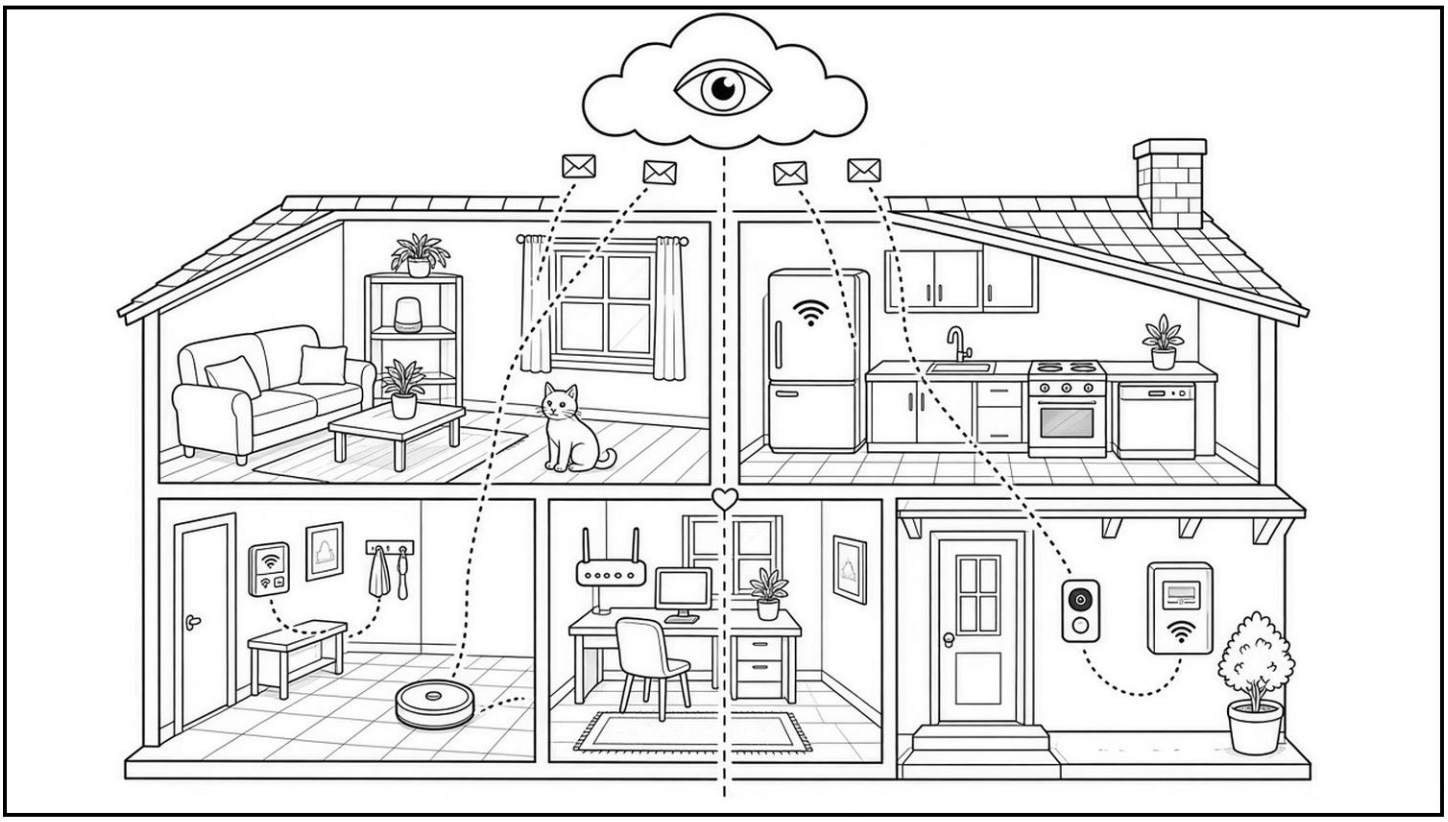
WHO'S SPYING ON YOU?

Part 3: Who's Listening at Home?



Who's listening at home?
If it doesn't need to talk, don't give it a voice.

Need input! AI runs on your data.

A house should be quiet unless you say so.

Your house. Your data. Your rules.

Hit mute. Unplug. Go local.

Print it. Color it. Share it. — Adam Reiser, Made in USA News
